Circular No. 54/2018-21

Dated: 10th April, 2019

TO ALL THE MEMBERS

Dear Comrade,

Sub: Despicable & Demeaning Emails Directed at our Association

You must be aware that on various dates during last month that our members' personal Emails and Bank's Email platforms spread across Branches/ Offices in West Bengal have been used to deliver unsolicited Emails by 'Anonymous' sender/s containing despicable and demeaning content against our Association, general officer members and the executives of the bank. To protect the sanctified identity of our Association and dignity of our members, the undersigned has submitted complaint with the Competent Authority of the Bank and we are also in the process of filing suitable complaint at Cyber Crime Department of Lalbazar Police Headquarters for necessary investigation and action.

We request our members to avoid being misled by such unsubstantiated contents of mischievous Emails having an agenda to discredit our beloved Association by handful of dissidents to cause vertical divide in the Organisation. Anonymity is considered no less than social terrorism which hides the respectable family credentials and social identity of the perpetrator to cause undue harm to any individual/ organisation or institution in satisfaction of his/her selfish and self constrained agenda. Concerted efforts are being made by such type of cowards to belittle the democratic mandate achieved in the last Triennial Conference of our Association. Leaders may come and Leaders may go but safety, security, dignity, career progression and peaceful coexistence amongst the serving colleagues should not be marred at the diktat of any individual who is hell bent upon destroying the basic foundation of trust and camaraderie amongst our officer members to buttress his/her personal self-esteem. No dislocation to our beloved Organisation can be caused to our organisation by failed attempt of few misled members belonging to our family. Truth and honest perseverance shall be victorious to ensure glorious continuity of our 40 years old formidable Association growing stronger with each passing day. Please note that success of the agenda of dissenters shall be the pertinent cause of repentance for the coterie of stooges in the near future after being discarded and disregarded by vast majority of young generation officers who repel venomous slavery and would like to breathe unpolluted air of self respect and honest identity and not fall prey to unpredictable uncertainties.

Through this communiqué, I appeal to all the members to remain calm and have faith, dedication and loyalty towards the organisation and resoundingly repel any attempt of dislodging of our unity by interested parties for fulfilment of their personal agenda of which everyone is aware. We need to escalate the confidence of our members by stating that we are in total control of the situation as the perpetrators are duly identified and exposed. We are tirelessly working for dignified career journey of new generation officers and safeguarding them of being enslaved by small coterie of egocentric individuals.

Finally I wish to submit that, the undersigned is always available to call of any comrade at any hour of the day/night to attend to their grievance/s and work in tandem with Zonal Secretaries and their team and members of the Central Executive Committee to try resolving the issues on real time basis by negotiating with the requisite Competent Authorities of the Bank.

With warm greetings,

Comradely yours,

A handwritten signature in black ink, appearing to read 'Ajoy Kumar Mondal', enclosed in a grey rectangular box.

(Ajoy Kumar Mondal)
General Secretary
