Dear Comrade,

You are aware that plans were afloat to celebrate 40 Years of memorable journey of our beloved Association in 2019 in a befitting manner to imbibe a sense of unity and importance of Trade Union platform amongst the new generation officers during recent challenging developments in the Banking Scenario of the Country. We have been shocked to receive a communication containing a decision of our Federation to disaffiliate the largest State Unit of Serving Officers in UCO Bank affiliated to AIBOC. At the call of AIBOC, we are on the anvil of participating in series of Organisational Programmes to ensure dignified existence of the officers' community in the Banking Sector. With induction of Officers at different levels by the Bank during last two decades, we have amongst us a young prolific brigade of Officers, young leaders & Executives who are/have been associated with our mighty Organisation and strengthened its objectives and principles through their mental and physical involvement.

Through this communication we would like to request our membership to support their own conscience and seek clarifications from the misled group of members who might approach them to take direct membership of the Federation, bypassing the State Unit thereby ignoring the sanctity of their own principled existence to satisfy the ego and selfish agenda of team of retired Federation leaders sitting in judgment over the fate, survival and career progression of serving officers of the bank by enslaving them with inconsequential veiled threats, as the Management of our Bank has already disowned their involvement in the issues related to serving officers.

The rightful action of the young officers to question the continuance of retired leaders against the tenets of the Constitution of AIBOC, obstructing illegal amendments to the Constitution of the Federation to reign over the State Units and passing expulsion strictures on the young members/leaders of West Bengal State Unit having independent existence under Federal Structure with its own Constitution, have been the reason for such deplorable act of organisational terrorism.

I sincerely feel that members of our Association shall keep calm and confident while the Executive Committee Leadership takes stock of the situation by meeting the top leadership of AIBOC at State & National level and share the developments with Top Management of the Bank. We are confident that we shall be able to eradicate the

retired leadership from the Union through the committed activism and noble involvement of new generation officers.

We shall fail in our duties if we do not convey Organisational Greetings of West Bengal State Unit to our very resilient and mighty State Unit of Chhattisgarh Unit which denied membership to retired leaders and stood in solidarity with the West Bengal Unit with its principled stand. We take this opportunity to give a 'Clarion Call' to all the State Units of Federation to extend their moral support to unrelenting efforts of West Bengal Unit to cleanse the Organisational Structure at every level and selflessly work towards bringing our mother Bank out of PCA to give safe and dignified continuity of service to our new generation officers. Comrades shall appreciate that safeguarding the interest of the Bank can never be the agenda of Retired leaders, who are desperate to continue in power for the reasons which are privy to everybody in UCO Bank.

With Comradely Salutations!

Comradely Yours

(Ajoy Kr. Mondal)
